

JIMTOF2016

The 28th Japan International Machine Tool Fair Invitation

Dear sir/madam:

This is the invitation from Nidec Tosok Corporation. We will participate in the JIMTO2016 Exhibition, the most famous International Machine Tool Fair in Japan. You and your company representatives are sincerely welcome to visit our booth. Our information about this event is as follows,

Exhibition information:

Date: November 17 (Thu.) - November 22 (Tue.)

Opening hours:9:00-17:00

Venue: Tokyo Big Sight (Tokyo International Exhibiton Center)

Booth No: W3028, West Hall 3

We are specializing in producing Inline Inspection Machine used in the automobile field. With the rich experience and professional produce, our new product Inline 3D Scanner will be released this time. The highlight of the new product is more larger size workpiese inspected will be available.In addition, Laser-light-cross-section method is applied for 3D non-contact automatic inspection to avoid display of visual check from person.

Moreover, the machine control unit PEG3100 which is used for automatical measuring machine will also be displayed this time.

We are very expecting to establish a long term and good business relationship with your company in the near future. It would be a great pleasure to meet you at the exhibition so that we can introduce our products. You may find something meeting your need. If you are interested in coming to the scene,please don't hesitate to contact us . We are looking forward to seeing you there and exchanging our opinions.
